Mission Statement

The SPCSA improves and influences public education in Nevada by sponsoring public charter schools that prepare all students for college and career success and by modeling best practices in charter school sponsorship.

Superintendent's Highlights

Data Not Available

Goals and Objectives

Charter schools operate public elementary, middle or secondary schools that are relatively autonomous schools of choice. They operate under a charter, or contract, issued by a public entity such as a local school district or State Public Charter School Authority. Individual states determine in their charter school legislation which rules must be adhered to, which rules may be waived, and which procedures must be followed to obtain a charter. In return for their autonomy, charter schools are held accountable for student performance: Quoting the Center on Reinventing Public Education "Every charter school statute embodies a legislature's intent to give school organizers a relatively free hand in managing individual schools in return for accepting increased responsibility for student performance. This is the "basic bargain" of charter school legislation: autonomy for accountability." If the goals of the school set forth in the charter are not reached, the school's charter may be revoked or not renewed.

District Communication Efforts

Data Not Available

Discipline

The primary consideration of the Nevada Legislature in enacting legislation to authorize charter schools is to serve the best interests of all pupils, including pupils who may be at risk. The intention of the legislature is to provide:
The board of trustees of school districts with a method to experiment with providing a variety of independent public schools to the pupils of this state;
A framework for such experimentation;
A mechanism by which the results achieved by charter schools may be measured and analyzed; and
A procedure by which the positive results achieved by charter schools may be replicated and the negative results may be identified and eliminated.

Demographics and Student Information

Data are provided by the Nevada Department of Education from the state student information system. Gender, race/ethnicity, and special student populations are reported as of count day.

Data as of: End of school year

'-' indicates data not presented for groups fewer than 10. This data is suppressed due to FERPA regulations.

'N/A' indicates that this population was not present.

'**' indicates that the data was not available.

District totals do not include state or district sponsored charter school data. (2008-Current)

Discipline and Transiency incidents are reported at the school where the action occurred.

**The purpose of some alternative programs is to enroll students for a short period of time until they can reenroll in a comprehensive school; therefore, transiency rates may be greater than 100% or N/A. Data reported as of the end of the school year.

Data as of: Count Day

'-' indicates data not presented for groups fewer than 10. This data is suppressed due to FERPA regulations.

'N/A' indicates that this population was not present.

**' indicates that the data was not available.

District totals do not include state or district sponsored charter school data. (2008-Current)

Because of the changes in law (NAC 387.659) in 2009-2010 that affected the way credit deficient students are identified, results prior to this date and post this date cannot be compared.

'-' indicates data not presented for groups fewer than 10. This data is suppressed due to FERPA regulations.

District totals do not include state or district sponsored charter school data. (2008-Current) Because of the changes in law (NAC 387.659) in 2009-2010 that affected the way credit deficient students are identified, results prior to this date and post this date cannot be compared.

'N/A' indicates that this population was not present.

Summary of Standards-Based Test Performance

Nevada uses CRT (Criterion Referenced Test with the new NV Standards, also known as the Smarter Balanced) to measure student achievement relative to Nevada's academic standards. For grade specific assessment results and other assessment information, refer to www.nevadareportcard.com.

- ED = Percentage of students performing in the lowest range of achievement (Emergent/Developing)
- AS = Percentage of students performing in the "Approaches Standards" range of achievement
- MS = Percentage of students performing in the "Meets Standards" range of achievement
- ES = Percentage of students performing in the highest range of achievement (Exceeds Standards)

Level 1 = The student has not met the achievement standard and needs substantial improvement to demonstrate the knowledge and skills needed for likely success in entry-level credit-bearing college coursework after high school

Level 2 = The student has nearly met the achievement standard and may require further development to demonstrate the knowledge and skills needed for likely success in entry-level credit-bearing college coursework after high school

Level 3 = The student has met the achievement standard and demonstrates progress toward mastery of the knowledge and skills needed for likely success in entry-level credit-bearing college coursework after high school

Level 4 = The student has exceeded the achievement standard and demonstrates advanced progress toward mastery of the knowledge and skills needed for likely success in entry-level credit-bearing college coursework after high school
